## *Laminate Floor Range*

This second generation of laminate flooring is not only the thickest in the market at 12mm, but extremely durable.

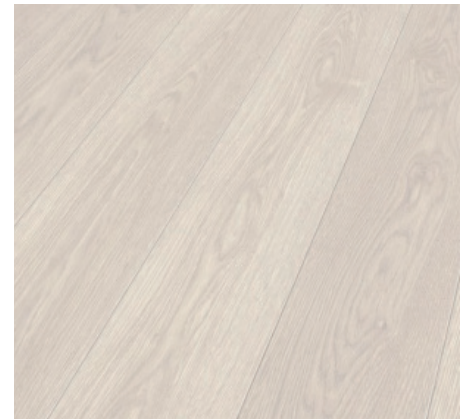

Mammuth and Robusto, come in a variety of colours and textures; below we present the most popular that we stock. Feels like a real wood floor to the touch and look very natural. Bevelled edges and G5 click system make this range extremely easy to lay. All suitable for, hallway, living room, bedrooms, kitchen, shops and restaurants. All carry a 25 year warranty.
